This MAN TGS 18.470 4x2 BL SA is a well-maintained city tractor unit featuring low cab access and exceptionally low mileage.

The tractor unit is equipped with a fixed fifth wheel coupling with a coupling height of 1,170 mm, a large aluminium cover in front of the fifth wheel, a raised fifth wheel mounting platform, air shut-off valves and a 24V connection for the trailer's tail lift. In addition, the vehicle features chassis side skirts, an approximately 360-litre diesel tank and an approximately 60-litre AdBlue tank.

The vehicle is powered by a Euro 6 engine and features an automatic gearbox and retarder. It has parabolic suspension on the front axle and air suspension on the rear axle, with a wheelbase of 3,600 mm. For added functionality, LED work lights and reversing lights are fitted in the step box and underneath the cab.

The sleeper cab features one bunk and offers a high level of comfort, including air conditioning, a pull-out refrigerator underneath the bunk, navigation, and engine and cab heaters. The vehicle is also equipped with a spoiler kit and finished in an attractive light blue factory colour (RAL 5012).

The tractor unit is in very good condition and has been serviced in accordance with the vehicle's service indicator.
